EMANCIPATION PROCLAMATION.

A magnificent Pen Design, 18x27 inches of the lamented ABRAHAM LINCOLN'S IMMORTAL PROCLAMATION, executed by W. A. COLLINS of No. 17 Nassau St., New York, having been Photo-Lithographed by the celebrated Usborne Process, copies are now ready for sale and can be procured by application to the subscribers.

This work, irrespective of its great historic value, is the most superb piece of penmanship ever executed, and in itself is an ornament that should adorn every household.—No liberty-loving American should be without a copy. None can form an idea of its chasteness of design, beauty of execution, and completeness of detail, without examination. It has been pronounced by the most experienced connoisseurs as equal to the finest steel-plate engraving, and the fact of its having been executed with an ordinary steel pen and common writing ink is taken into consideration, it ranks as a marvel of patience, perseverence and art. Copies will be sent to any address in the union on receipt of $2.50 each.

CAROLINA TIMES.

CHARLOTTE.

M. P. WARING, Editor.

Saturday, October 9, 1869.

Greensboro and Cheraw Railroad.

The Greensboro PATRIOT of the 7th says: We learn, from gentlemen who were present at Asheboro on the 5th, that the first Annual meeting of the stockholders of the "Central North Carolina Railroad Company" was duly held, and a permanent organization effected, on such a basis as to inspire the entire confidence of the public. Over $21,000 were subscribed and the five per cent. paid in cash—securing the charter beyond question,—and any amount of land promised, so soon as arrangements can be made for its legal conveyance.

The Directory embraces many of the best business men in the counties along the line, and two in the city of Charleston. Dr. J. M. Worth was unanimously elected President, a name which, alone, is a guarantee of success.

The Next Congress.

Western papers are making sanguine estimates of the transfer of power to the West in Congress on the basis of the census of 1870. They claim that the centre of political power, now reposing near Columbus, Ohio, will then be moved to a point near Lafayette, Indiana. These calculations give the eastern States of the North 86 representatives in all after the next census, and the Western, including the Pacific States, 92 or 93. New England, which in 1840 had 38 members of Congress, and now has 27, will, if present total membership of the House is retained, be likely to be cut down to 22. The Western States in 1840 had but 32, now have 75, by the next apportionment will probably have ten more.—Ex.

A GLOOMY VIEW OF LABOR IN CALIFORNIA.—A San Francisco letter states that there are hundreds of men out of employment in California, and they cannot get work. Those who do not get work have to carry their beds from place to place. When the harvest is done, there is nothing for the laborer to do until the rain falls, about the 1st of November. The San Francisco papers publish only the good side of affairs in California, and say nothing about the bad side.—farm hands cannot average more than six months' work in the year. California is a better country for capital than for labor. A farm laborer in California must have his own bed in every instance, or sleep in the hay stack; and if he asks the owner of a farm where he applies for work, he is told to buy his own blanket. A man has to do his own washing also, or pay from $1.50 to $3 a dozen for washing, and then go from one to two miles to get it done, except in the city.

SICKLES' DESPATCHES.—The Charleston *News* publishes a special despatch, dated Washington, October 3, which says:

"The State Department has received official despatches endorsing the text of Sickles' famous note to the Spanish Government, concerning the purport of which there has been so much speculation of late in the newspapers. The document proves to be quite as theatening in its character as it was asserted to be in the cable telegram. It declares that the Spanish cause in Cuba is hopeless; that the Spanish treasury is depleted; that the time is close at hand when the Government of the United States must succumb to popular opinion here, and recongnize the independence of Cuba. Minister Sickles adds that the pending policy is an offer of negotiation with a view to ascertain the real wishes of the Cuban people as to whether they desire independence, annexation to the Union, or to remain a Spanish dependency. This Government, he says, is willing to purchase Cuba, for a sum of money to be hereafter agreed upon, and claims to be instructed by President Grant to insist that Spain must prosecute the war on a humane basis. He concludes his note by saying: 'I have written frankly, as a soldier should write to a military power.'"

Clem Faucete—an old negro of this place who has been employed as a railroad guard at the upper Eno bridge—was killed Thursday morning by the mail train. He was asleep on the track.—*Hillsboro Recorder.*

The Suez Canal.

A despatch from Alexandria, Egypt, informs us that M. Lesseps has passed through the Suez Canal in a steamer from Port Said to Suez—that is, from the Mediterranean to the Red Sea—in fifteen hours. It is impossible to refuse to admit that M. Lesseps has accomplished one of the greatest wonders of this, or, indeed, of any age. The world laughed at him when he commenced his undertaking. It was an impossibility; it never could be accomplished. It was an old thought, but it never was a fact. The idea was as old as, nay, older than, the Pharaohs; but the sands of the desert had in every instance proved stronger than man. Such was the language common at the time the canal was commenced. Such has been the language held by many, in spite of visible progress and demonstrated success. Steadily M. Lesseps has kept at the work. He has found money and men in spite of all detractors to carry on the work. He has exhausted the resources of art to find machinery suited to great emergencies. He has made nature herself his handmaid. Where no stone was to be had, he has taken lessons from the monuments of the past and converted the deep, heavy subsoil into material which may prove as enduring as marble or granite. The two seas have actually met and kissed each other, and there has been no deluge. On the contrary, a little steamer, with the engineer on board, has sailed from sea to sea in fifteen hours. It is a triumph to M. Lesseps; it is a triumph to French engineering; it is a triumph to modern science. We may now take it for granted that the opening of the canal towards the close of the year will be a complete success. In spite of the Sultan, the dream of the Greek conqueror of the world will be realized. Alexandria will become one of the grandest centres of commerce. It will do more than recover all the splendor and prosperity which it lost by the discovery of Vasco de Gama. Trade will revert to its ancient channels. The cape will sink into decay. The coasts of the Mediterranean will bristle with large and flourishing cities. A voyage from New York, from Amsterdam, from Liverpool, from Marseilles to India and the far East will be accomplished in fewer weeks *via* the Suez Canal than months *via* the Cape of Good Hope. It will multiply the means of communication and it will enormously increase trade. Egypt, in fact, will recover more than her ancient importance; she will again become the seat of empire. The canal will attract Europeans and even Americans to its banks, the world's wealth will find a new outlet, and it will not be wonderful if the ruler of Egypt, whoever he may be, soon dictates terms to the Turk. The truth is, the Suez Canal will reclaim Egypt from barbarism. Civilization by it lays claim to the land of the Pharaohs, one of the first and grandest cradles of the race, and through it rushes to develop the mighty resources of Asia. It is a grand success, and we must rejoice in it. But it is also a great counter-stroke to our Pacific Railroad. We have our isthmus. We must cut it or lag behind. We are nearer Asia than any of the commercial nations of Europe; but we lose our opportunity so long as the trade of the Atlantic States must seek Asia round Cape Horn. Let us cut the isthmus at once. Let us have our Darien Canal. To us this is the lesson.—*New York Herald.*

A BOLD ESCAPE FROM JAIL.—At about 11 o'clock yesterday morning, John Williams, a negro man who was confined in the common jail of this county on the charge of larceny, broke jail and effected his escape.

One of the prisoners wrote a note to the Jailor informing him of the negro's doings, but too late. When Mr. Ezzell arrived at the jail the scoundrel had made good his escape.

Goldsboro Messenger.

A "lady" in New Bedford, Mass., recently bought a pair of white gloves, to be returned in case they did not suit. They were returned as not suiting, when it was discovered that they had been used to decorate the hands of a corpse, and removed before the lid of the coffin was screwed down.

Don't speak ill of old maids. They are the true angels, who have refused to make men miserable by marrying them.

On last Sunday night, fourteen prisoners confined in jail at this place, made their escape by forcing open the doors with an iron bar, which they managed to detach from its position inside, by means of a plank that was supplied them through the grated window from a confederate on the outside. They consisted of nine negroes and five whites, one of whom was the notorious Mays. Two others, whose sentence would expire in a few days, refused to leave their quarters.

Statesville American.

"Sal, what time do your folks dine?" "Soon as you goes, that's missus's orders."

Charles, eating ancient cheese, did say, "Like Sampson, I my thousand slay," "I vow," quoth David, "so you do, And with the self-same weapon, too."

DROWNED.—A colored man named Peter Smith, aged about 50 years, was drowned in the river here yesterday. He was sitting on a flat at Barry's wharf about 1:10 P. M., engaged in fishing, when he fell overboard. It is thought that he was intoxicated, but after falling into the water he swam on the surface about five or ten minuets. Those who saw the accident hastened in a boat to the rescue but before they could reach him the man sank and was drowned. The deceased is said to have resided here for several months, but was orginally from Smithville.—*Sentinel.*

Paten Blocker, an old and trustworthy colored man, living in this village, was found dead on his bed on Wednesday last. The jury of inquest decided that he came to his death from rupture of a blood vessel.

A little negro became entangled in Mr. J. A. Dozier's cotton gin, on Monday, and was instantly killed.

Edgefield Advertiser.

Criminal justice in Russia presents many odd features. The other day, an editor, his publisher and the boy that had carried the papers around were prosecuted. The editor, who had written the offensive article, being a nobleman, escaped with a small fine. The publisher belonging to a lower class, was heavily mulcted; and the poor boy, being the son of a former serf, received a severe cudgeling.

James Brown & Co., bankers of New York, have commenced an action against Fish & Gould for the recovery of two millions and a half of gold, lost by them, as alleged, in the seven million sale.

A church member in Buffalo, an old man, last Sunday deliberately walked down aisle and the punched the head of his son-in-law who had abused his wife. There was a muss there for a few minutes.

A. J. Burton, Esq., has severed his connection with the *Roanoke News.* Mr. Burton takes this step in order to enter more thoroughly upon the practice of the legal profession. We wish him a career of unbounded success.—*Sentinel.*

SUICIDE.—Mrs. Fitzgerald, aged twenty-four years, residing in Brooklyn, N. Y., and recently a popular ballet-dancer in the New York theatres, died on Monday of an overdoes of morphine administered by herself.

The New York *Sun* says that Alexander T. Stewart recently said to an acquaintance, "I do business to establish a principle. It is the principle of truth. I am in a state of continual wartare to prevent what are called white lies being told in my establishment."

MUNICIPAL CONSOLIDATION IN JERSEY CITY.—*New York*, October 5.—Jersey, Hudson, and Bergen cities to-day voted by 3,000 majority to consolidate under one municipal government. Hoboken, Greenville, and other places in Hudson county, voted against consolidation, and will not join the new city. According to the terms of the proposition, the first three cities will proceed to organize a separate and independent government as a single city.

ACCIDENTALLY SHOT.—We learn from Capt. Wooten that a negro named McNeill was accidentally shot with a pistol in the hands of another negro at Shoe Heel yesterday. The wounded man's thigh was broken, but the injury is not considered dangerous.—*Sentinel.*

A HANDSOME BEQUEST FOR THE SOUTH.—The following is the codicil of the last Caleb Dorsey, Esq., of Howard county, Md., making a charitable bequest for the benefit of Southern people. The codicil bears date August 19, 1869.

"I give and bequeath $30,000 to my brother, Reuben M. Dorsey, and Gov. T. W. Ligon, in special trust, to apply the same to the relief of such portions of the people of the late slaveholding States of this Union as the said trustees may think most require assistance on account of there suffering and the said sum of money shall be applied in such manner as they may deem best to accomplish my purpose. "If my personal estate should not prove sufficient to pay all legacies including this of $30,000, I direct that so much shall be deducted from the $45,000 given by the codicil dated August 16, 1869, as may be necessary to make up this legacy for the benefit of the people of the South."

TOO GOOD TO BE LOST.—The New York *Citizen and Round Table* gets off the following, which is worth cutting out and preserving. In these days of vile puns it stands out from *hoi pollor* of puns like a pure diamond from the midst of worthless paste. Says the *Round Table:*

A Pittsburg paper, in the course of an attack on Mrs. Stowe, speaks of "Dr. Tushington," the legal adviser of Lady Byron—meaning, of course, Dr. Lushington. In trying to get the name right to a T, our smoky contemporary has made an L of an error. This is a joke.

SPECIAL NOTICES.

Keep the Body in Good Repair.

It is much easier to keep the system in good condition than to restore it to that condition when shattered by disease. The "House of Life," like other houses, should be promptly propped up and sustained whenever it shows any sign of giving way. The first sympton of physical debility should be taken as a hint that a stimulant is required. The next question is, "What shall the stimulant be?"

A wholesome vegetable tonic, the stimulating properties of which are modified by the juices and extracts of anti-febri'e and laxative roots and herbs,—something which will regulate, soothe and purify, as well as invigorate,—is the medicine required by the debilitated. There are many preparations which are claimed to be of this description, but HOSTETTER'S STOMACH BITTERS, the great vegetable preventive and restorative that has won its way to the confidence of the public and the medical profession by a quarter of a century of unvarying success, stands pre-eminent among them all. To expatiate on its popularity would be to repeat a twice-told tale. It is only necessary to consult the records of the United States Revenue Department to learn that its consumption is greater than that of any other proprietary remedy of either native or foreign origin.

As a mean of sustaining the health and strength under a fiery temperature, the BITTERS have a paramount claim to consideration. It has the effect of fortifying and bracing the nervous and muscular systems against the ordinary consequences of sudden and violent changes of temperature, and is therefore peculiarly useful at this season, when hot sunshine by day, and ice-cold dews by night, alternately heat and chill the blood of those who are exposed to them.

HOSTETTER'S STOMACH BITTERS are sold in bottles only. To avoid being deceived by counterfeits, see that the name of the article is on the label, and embossed on the glass of the bottles, and our revenue stamp over the cork.

We chronicle this fact with no small degree of pleasure, and tho' the majority is not as large as might have been expected, yet it is sufficient to prove to the Radicals that their party is a "played out" concern in this county.

We have as our representative, a man though young, yet, if intelligence and refinement and one well qualified in every respect to wear the mantle of his distinguished and lamented predecessor. We predict for Col. Jones, a brilliant future career.

A fast man undertook the task of teasing an eccentric preacher.

"Do you believe the story of the fatted calf?"

"Yes." said the preacher.

"Well, then, was it a male or female calf that was killed?"

"A female," replied the divine.

"How do you know that?"

"Because, (looking the interrogator in the face,) I see that the male is still alive."

LATEST NEWS.

Washington.

WASHINGTON, Oct. 6.—Revenue to-day over $500,000.

Proceedings at Wilmington against the "Hornet," were ordered by the Cabinet yesterday.

The report that Secretary Fish had been notified, that the English and French Governments ordered their fleets to pursue the "Hornet" and hang the crew, is untrue.

Attorney General Hoar has rendered an opinion to the effect that the Secretary of War cannot preclude Claim Agents or Attorneys from prosecuting business in his department in all proper cases, but when there is reason to suspect frauds, the right and duty exist to suspend such business intercourse; it being proper and obligatory to protect the Government from frauds. The Agents or Attorneys should be furnished with the reasons for such suspension in order to vindication.

The opinion was rendered in a case alleged to affect the payment of bounties to colored troops; it being said by an officer who investigated similar claims that they were tainted with fraud.

J. H. Van Alstine, in behalf of the New Orleans tobacco merchants, called on Commissioner Delano to-day and asked the purchases of tobacco in Virginia and North Carolina, may be allowed shipment in bond.

The course of Mr. Delano promises relief to New Orleans and Mobile merchants, as well as to Southern manufacturers.

WASHINGTON, Oct. 7.—Private dispatches still indicate Johnson's election, though the Stokes party may hold the balance of power and compel a compromise. Balloting must commence on or before the 17th inst., and continue daily until a choice is effected.

The New York Tribune has a Tennessee special to the effect, that Eldridge's friends will favor a delay, as his chances are improving daily. Johnson's friends are working hard and feel confident.

Foreign.

BERLIN, Oct. 7.—The King in opening the Diet said that the deficiency in the finances would compel increased taxation.

HAVANA, Oct 7.—The presence of an American man-of-war in the harbor has a good effect.

NOTICE.—
We hereby notify the public that, from and after this date, we employ no agents for the sale of
Gregory's Dyspeptic Mixture.
Neither are there any interested parties with us. We are the inventors, sole proprietors, and only manufacturers of the GENUINE ARTICLE, and our individual signatures accompany each bottle—and all orders and remittances must be made to Drs. W. W. & R. R. GREGORY, at Charlotte, N. C.
In assuming the entire charge of this invaluable remedy, we present it to you in a new dress, and have reduced the price to $1 50 per bottle, to bring it within the reach of all. In the pamphlet which accompanies each bottle will be seen the certificates of the most distinguished physicians, judges and divines, in the State, and we only ask for it a trial, that dyspeptics may be convinced of its curative virtues.
A liberal discount to the trade.

ENGLISH DAIRY,
MOUNTAIN AND FACTORY
CHEESE,
D. G. MAXWELL'S.

FORTY THOUSAND CASES OF GOODS were shipped from one house in One Year, to families, clubs and merchants, in every part of the country, from Maine to California, amounting in value to over
ONE MILLION DOLLARS.
Our facilities for the coming year, in this immense business are better than ever before. We have agents in all the principal cities to purchase goods from the manufacturers, Importers, and others for CASH, and often at an immense sacrifice from the original cost of production.
Our stock consists, in part, of the following goods:—
Shawls, Blankets, Quilts, Cottons, Ginghams, Wool Cashmere Long Lines, Towels, Hosiery, Gloves, Skirts, Corsets, &c., &c.
Silver-Plated Ware, Spoons plated on Nickle Silver, Desert Forks, five bottle plated Castors, Britannia Ware, Glass Ware, Table and Pocket Cutlery in great variety.
Elegant French and German Fancy Goods. Beautiful Photograph Albums the newest and choicest styles in Morocco and Velvet Bindings.
Morocco Travelling Bags, Handkerchief and Glove Boxes, &c.
Gold and Plated Jewelry, of the newest styles.
We have also made arrangements with some of the leading Publishing Houses, that will enable us to sell the standard and latest works of popular authors at about one half the regular price:—such as BYRON, MOORE, BURNS, MILTON, and EBERSON'S WORKS, in full Gilt and Cloth Bindings,—and hundreds of others.
These and everything else for
ONE DOLLAR FOR EACH ARTICLE.
We do not offer a single article of merchandise, that can be sold by regular dealers at our price. We do not ask you to buy goods from us unless we can sell them cheaper than you can obtain them in any other way,—while the greater part of our goods are sold at about
One-half the Regular Rates.
We want good reliable agents in every part of the Country. By employing your spare time to form Clubs and sending us orders, you can obtain the most liberal commissions, either in **Cash** or **Merchandise,** and all goods sent by us will be as represented, and we guarantee satisfaction to every one dealing with our house.
Agents should collect ten cents from each customer and forward to us in advance, for Descriptive Checks of the goods we sell.
The holders of the Checks have the privilege of either purchasing the article thereon described, or of exchanging for any article mentioned on our catalogue, numbering over 350 different articles—not one of which can be purchased in the usual way for the same money.
The advantages of first sending for Checks are these: We are constantly buying small lots of very valuable goods which are not on our catalogues, and for which we issue checks till all are sold; besides, in every large club we will put checks for WATCHES, QUILTS, BLANKETS, DRESS PATTERNS, or some other article of value, *giving some members of the club an opportunity of purchasing an article for about one quarter of its value.*
"In every order amounting to over $50, accompanied by the cash, the Agent may retain $2 00, and in every order of over $100, $3.00 may be retained to
PAY THE EXPRESS CHARGES.
This offer is more especially to assist Agents in the Western and Southern States, but is open to all customers.
COMMISSIONS
Agents will be paid ten per cent. in Cash or Merchandise, when they fill up their entire club, for which below we give a partial List of Commissions:
For an order of $30, from a club of Thirty, we will pay the Agent, as Commission, 28 yds. Brown or Bleached Sheeting, Good Dress Pattern, Wool Square Shawl, French Cassimere Pants and Vest Pattern, Fine Large White Counterpane, etc., etc., or $3 in cash.
For an order of $50, from a club of Fifty, we will pay the Agent, as Commission, 45 yds. Sheeting, One pair heavy Wool Blankets, Poplin Dress Pattern, Handsome wool Square Shawl, Silver-Case Watch, etc., etc., or $5 in cash.
For an order of $100, from a club of One Hundred, we will pay the Agent, as commission, 100 yds. good yard-wide Sheeting, Coin-Silver Hunting Case Watch, Rich Long Wool Shawl, Suit of all Wool French Cassimere, etc., etc., or $10 in cash.
We do not employ any Travelling Agents, and customers should not pay money to persons purporting to be our Agents, *unless personally acquainted.*
SEND MONEY ALWAYS BY REGISTERED LETTERS.

CHEERING SUCCESS.

LARGE DIVIDEND OF INSURANCE.

The Piedmont Life Insurance Company, of Virginia, has

DECLARED A DIVIDEND OF FORTY PER CENT.

on its Life Policies, which have paid two annual premiums, and the same is available on such policies at next renewal to absorb loans, or reduce cash payments.

The dividend could have safely been larger, but with the

PRUDENCE AND CAUTION

which has ever guided this company, it has deemed it proper to hold a surplus beyond the reserve fund.

The company is now only in the *eighteenth* month of its active operation—yet

HAS ISSUED 3,000 POLICIES

which is a success really remarkable, and far ahead of any company of like period in America or Europe; while its handsome dividend shows the economy of its administration, and the

ITS SUCCESS.

S. B. SEXTON'S CELEBRATED

PATENT BALTIMORE PARLOR HEATERS

AND GAS BURNERS,

for Anthracite or Bituminous coal, have been in successful operation for the last ten years, and have proved to be the best Fire-place Heaters manufactured and put in operation. They are getting to be generally used, often in the place of furnaces, for heating the lower and upper rooms in dwellings and offices. Two or three Stoves heating the largest dwellings, and besides, are quite ORNAMENTAL and ILLUMINATING, having all the beauty and cheerfulness of an open grate fire, but are more ECONOMICAL, CLEANER, and RADIATING A LARGER AMOUNT OF HEAT. We can refer to thousands of families who have them in use.

We manufacture our own COOKING STOVES, and we guarantee them to be equal to any sold for *baking* and *cooking*. We have Stoves to take in *long wood* and with *large ovens*, and are *superior Stoves* for *baking*. We are getting out some new patterns of Cooking Stoves, that will burn *Bituminous coal, hard coal, or wood*. They will have a beautiful finish, and will stand among the No. 1 Cook Stoves. Our Cooking Stoves are Baltimore made, and we guarantee the plates. Our Cooking Ranges are pronounced the best and cheapest in the market—Baking of all kinds can be done in our Ranges as quickly and equally as well as in a Brick oven. We will manufacture S. B. SEXTON'S new patent Hot-Air Furnaces, warranted to burn from 30 to 70 hours with once filling.

Thankful to our friends and the public for their past favors, we solicit a continuance of their patronage.

The open land is fertile and adapted to the cultivation of the cereals and cotton. 50 acres fresh land particularly so. The whole track is well watered and fenced with a good fence. The improvements are comfortable and situated on a healthy high ridge in sight of Catawba river and in an excellent neighborhood.
